Because they differ from year to year and week to week we no longer have distinct codes for PTC, Sea Base or Bechtel Summit conferences. We now just have an overall code for attending the conference (H101, H102, or H106). We also do not have training codes for local council content courses such as Commissioner Conferences, Universities of Scouting and Pow Wows. To be in the ScoutNET database of

Training Codes the rule of thumb is that the content should be identical from course to course and council to council. Note a current listing of ALL current Training Codes can be located at: <http://www.scouting.org/training/adult.aspx> in the right hand column click on “Training Course Codes (Alpha)”.

Who is considered a Trained Commissioner?

A trained Commissioner is one that has completed Orientation and Basic Training. A commission will be presented to a new commissioner after he or she has been properly oriented and has completed Commissioner Basic Training. The proper orientation varies by the role but a Commissioner who has received a commission is considered trained. Completion of Basic Training triggers the “Trained” emblem in District Tools.

Once Commissioned are we done with training?

Actually we have only begun! We know in our role as a Commissioner our training never ends. As stated in the Administration of Commissioner Service Manual “As commissioners, we must continually adjust our skills to provide a more valuable service to our units. Commissioners should therefore view learning as an important part of their entire Scouting lives. For all commissioners, training is a continuing process—every month, every year.”
