Lion Pilot Program

Background

• This fall, Scouting will launch a new pilot program called Lions in approved councils nationwide. This new pilot program is designed to test whether or not Scouting can and should serve 5-year old, kindergarten-age boys.

• Originally piloted and developed in the Northern Star Council, and joined by others, it has proven to be popular with parents and boys over the past few years.

• This pilot expansion is designed to develop good, measurable data to determine program quality, parent involvement and its overall fit into the Scouting format.

• Lion Pilot Resources: [www.Scouting.org/lion](http://www.Scouting.org/lion) Registrars with questions may call the Member Care Contact Center for assistance (972) 580-2489 or submit an incident through the Online Support Center in MyBSA.
