

Correction

***Wolf Handbook*, Germs Alive adventure, pages 239–240**

In the first 2015 printing of the *Wolf Handbook*, there were incorrect measurements in the recipe for fake mucus that appears on pages 239 and 240. Please use the revised recipe below.

FAKE MUCUS RECIPE

Materials

- ◆ Borax
- ◆ Warm water
- ◆ White school glue
- ◆ Food coloring
- ◆ Two plastic containers
- ◆ Quart-size zippered storage bag
- ◆ Pinch of dirt, flour, glitter, or cocoa
- ◆ Paper plate

Container One

- ◆ 1/8 cup borax
- ◆ 2 cups warm water

Container Two

- ◆ 2 teaspoons white glue
- ◆ 3 teaspoons warm water

Instructions

1. Dissolve borax into the warm water in container one.
2. Dissolve glue into the warm water in container two.
3. Add a few drops of yellow or green food coloring to the container of glue, and mix.
4. Add one to two teaspoons of the borax mixture to the glue mixture. Begin stirring, and watch as the mixture starts to form into "slime."
