

## Commissioner Tools – Monthly Status

June 17, 2016

### Recent Enhancements (since 4/26/16):

- My.Scouting Tools was moved to a new platform in mid-May. You should notice faster response with reports downloading quicker than before.
- The Home label button was changed to Menu to clarify the function.
- All Commissioner Tools training videos were moved to the BSA Learn Center in mid-May. To access, simply login to [my.scouting.org](http://my.scouting.org) and click the BSA Learn Center icon on the right side of the home page. You will be redirected to login again, then scroll down and click the Commissioners icon at the bottom of the BSA Learn Center home page and add it to your learning plans.
- A new **Creating Pivot Table** training video was posted to the BSA Learn Center on June 10 as part of the Commissioners training module.
- The pre-populated version of the Unit Detailed Assessment form was resolved and now prints properly from within Commissioner Tools.

### Upcoming Enhancements

- Blank Unit Assessment PDF forms have been sent for posting on the Commissioners website at <http://www.scouting.org/scoutsource/Commissioners/tools.aspx> and should soon be available for use.
- Access to Commissioner Tools will be enabled soon for Assistant Regional Area Commissioner code A17.
- Sometime in July, all legacy myscouting.org applications (BeAScout, Tour and Activity Plan, JTE, VOS, Training Validation, etc.) will be moved to my.Scouting Tools and become available under the Legacy Web Tools tab under the Menu list. Additionally, single sign-on will be implemented which means you will no longer need to sign-in again to access certain applications while in my.Scouting Tools.

Remember to clear your browser's history to receive the latest updates. [Click here](#) for instructions.

### MyST (Azimuth) App

Approximately 180 people have been beta testing the new iOS mobile app presently called Azimuth. We've received positive comments and are continuing to collect feedback to refine the software prior to release. Look for the MyST mobile app to be available in the Apple Store as a free download in August.

### National Annual Meeting

The event was a big success. Thank you to our commissioners who provided support in the booth!

### Support

For system-related issues including down time, please email the Member Care Contact Center at [myscouting@scouting.org](mailto:myscouting@scouting.org), or call 972-580-2489 and log an incident to ensure proper handling and tracking.

Thank you for your continued service and support.

*The Commissioner Tools Task Force*
