Statement of Intent

I want to serve as the Area 4 Venturing President because I think that I could help provide important program offerings each year. I have been to the last two Area program events, and they were great! I think that my communication skills will help to grow those events and bring in even more participants from around the Area.

If selected, I would focus on communication between councils because that is how we can share the Venturing program. If one council has a really strong event, I think that we should share that with others to make it more successful.
