Covid-19 and National Camping School - Local council host sites will continue to practice any locally required COVID-19/communicable disease mitigation strategies. Prior to your arrival, you will receive additional information about what precautions will be in place at your NCS site. If local area restrictions do not allow a course to be held, you will be contacted no less than 14 days in advance and given an alternative training option.

These precautions are important, but these efforts cannot eliminate the potential for exposure to COVID-19 or any other illness while at camp. Information from the Centers for Disease Control and Prevention (CDC) states that older adults and people of any age who have serious underlying medical conditions are at higher risk for severe illness from COVID-19. *If you are in this group, please ensure you have approval from your health care provider prior to attending National Camping School.*
