

Accessing the Den Leader Experience (DLE) Sandbox

The DLE Sandbox will allow you to poke around a DLE system populated with fake data. You cannot damage anything in this system nor should you be concerned about personal data being exposed.

Some important limitations of this system:

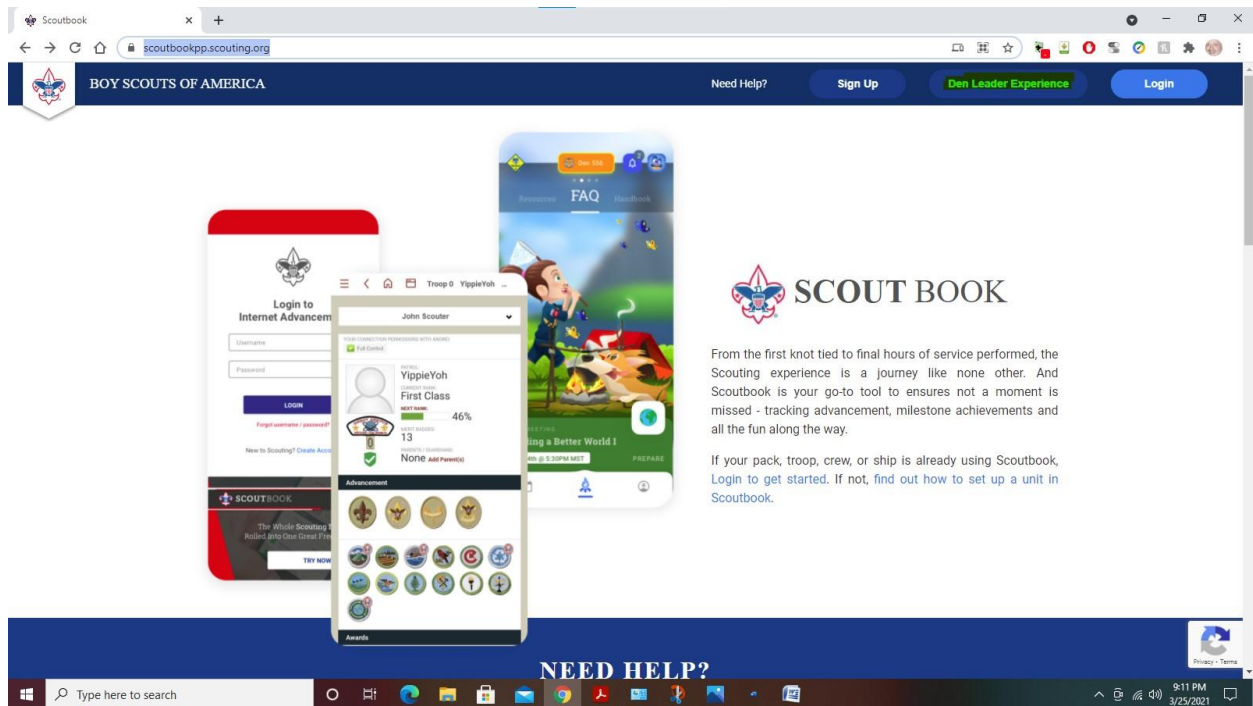

It is shared across the BSA so it may run slowly at times.

Options that link to other BSA systems outside DLE may not work properly.

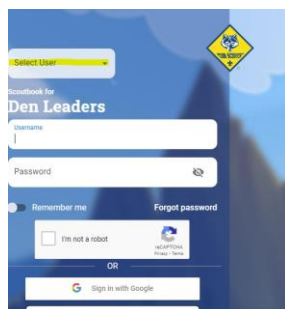

Options that link to other BSA systems outside Scoutbook may not work properly.

To access the system go to scoutbookpp.scouting.org.

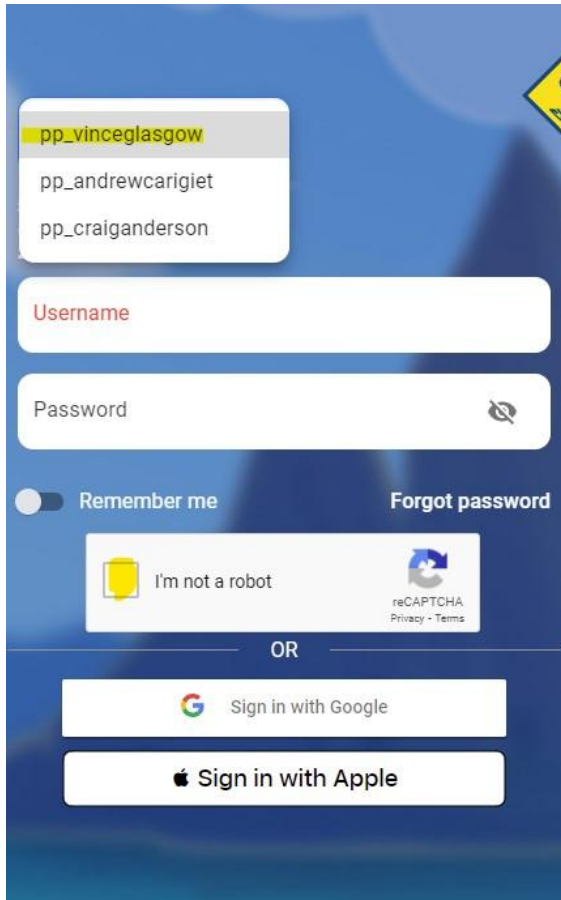

Click on the Den Leader Experience button (highlighted in green).

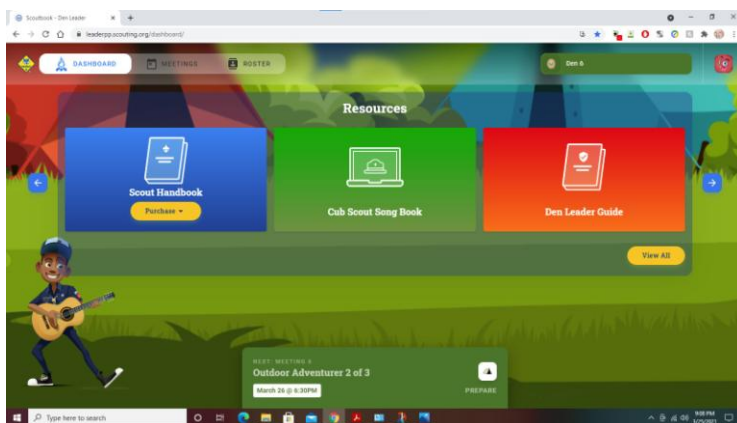

Click Select user

You will be presented with a pull down of three leaders choose one at random. Also check the I am not a robot box,

You are now in a DLE feel free to poke around. Don't worry you can't break anything.
