Camp Strake  
2020 Camp Strake Road  
Coldspring, TX 77331

Dear NCS Participant,

We are excited to welcome you to Camp Strake for National Camping School. Our course is scheduled for May 14-20, 2022.

You could not have picked a better location to attend your National Camping School (NCS) experience. Camp Strake is a brand new camp that just opened in 2021. With the combined force of our exceptional staff and fresh new facilities, we strive to make your stay at Camp Strake a time to remember.

***Covid-19 and National Camping School*** - Local council host sites will continue to practice any locally required COVID-19/communicable disease mitigation strategies. Prior to your arrival, you will receive additional information about what precautions will be in place at your NCS site. If local area restrictions do not allow a course to be held, you will be contacted no less than 14 days in advance and given an alternative training option.

*These precautions are important, but these efforts cannot eliminate the potential for exposure to COVID-19 or any other illness while at camp. Information from the Centers for Disease Control and Prevention (CDC) states that older adults and people of any age who have serious underlying medical conditions are at higher risk for severe illness from COVID-19. If you are in this group, please ensure you have approval from your health care provider prior to attending National Camping School.*

Below we strive to answer any questions you may have before you arrive on site. To learn more about Camp Strake and all our fun and exciting programs, please be sure to check out our website (<https://www.samhoustonbsa.org/camp-strake>). If you have any remaining concerns or questions about our facilities or NCS please contact us.

We look forward to showing you what we're all about and welcoming you to National Camp School.

See you soon!

Linda Dieguez  
NCS Camp Strake Course Director

### **Airports**

There are two airports in Houston with the largest and closest one being George Bush Intercontinental Airport. There is no shuttle from the airport to the camp so you will be required to rent a vehicle and drive to camp.

### **Auto**

Camp Strake has been designed to minimize driving on the site. Once personal vehicles have been checked in at the camp entrance, drivers will be directed to the appropriate parking area for their campsite. Vehicles will be parked near the assigned campsite and remain there during camp activities. The camp trail system and facility layout provide for foot traffic to all camp activity locations. It is not necessary, nor permissible, to drive personal vehicles around the camp. Adults or scouts with mobility concerns should coordinate with the course director for assistance in meeting transportation needs. Vehicles must stay on roads at all times. **NO EXCEPTIONS!** Passengers are not permitted to ride in the bed of trucks or in trailers.

### **IMPORTANT**

When travelling, especially by plane, it is important to update us on any expected delays to your arrival. This impacts our ability to maintain shuttle schedules as well as ensure the safe arrival of all participants. The 24-hour Camp Strake contact line is 936-520-4001.

### **General Information**

#### **Camp & Camp Living**

Campsites are nestled in shaded areas throughout the camp. 2-person wall tents are provided for each troop and will be setup prior to your arrival at Camp Strake. The tents are set on wooden pallets to form a floor elevated off the ground. Cots are recommended in the tents, but not provided by the camp. There are limited quantities of cots available upon request, (priority goes to those that are flying in).

Each campsite will have picnic tables and a covered pavilion. Each class section will be assigned to one of the campsites prior to arrival at Camp Strake. Class sections may share a campsite. Generators of any type are not permitted. The pavilions located in each campsite have electricity.

Shower houses are located along the main campsite road and are shared by three or four campsites. Each stall in the shower houses is ADA compliant, and has a toilet, sink, and shower facility. There are no gender specific stalls in these shower houses.

You will spend much of your time outdoors and should be prepared for various types of inclement weather. Camp Strake has Wi-Fi service. You will have connectivity in all locations except climbing and shooting sports. However, your experience will be enhanced if you limit distractions and put away cell phones, etc. during your training and activities.

#### **Uniform**

The complete Boy Scouts of America or Venturing field uniform is required at all National Camping Schools. The BSA Field Uniform (Scout shorts or long trousers, Scout shirts, Venturing shirts, Scout socks) or the BSA Activity Uniform (Scout shorts or pants with Scouting golf or t-shirts) will be worn at camp school. A complete Field Uniform is required for evening meals, worship services, campfires, and other formal activities.
