

BOY SCOUTS OF AMERICA UNEMPLOYMENT PLAN

Since 1995, the Boy Scouts Unemployment Plan has helped participating councils control unemployment costs and save valuable staff time, while providing superior support from a team of experts focused exclusively on helping nonprofit organizations.

UNIQUE SAVINGS FOR COUNCILS

As a 501(c)(3), BSA Councils can discontinue paying state unemployment taxes (SUTA). This ability, provided by the IRS, allows Councils to stop paying SUTA and just reimburse their state unemployment agency ONLY for the cost of unemployment claims paid to separated employees. Nonprofits often find they shrink their unemployment costs by 40% by exercising this option.

The Boy Scouts Unemployment Plan helps hundreds of Councils reimburse while also providing them with wide-ranging unemployment claims outsourcing benefits. The Plan helps cut costs, increase positive outcomes, and reduce staff time spent on unemployment administration.

PROGRAM BENEFITS

- Unparalleled and individualized customer service
