DRIVING DIRECTIONS:

It is approximately a 2-hour trip by car to Florida Sea Base from Miami International Airport. If you are renting vehicles, take the appropriate rental car bus to the rental center. Ask for directions to Highway 836, also known as the Dolphin Expressway. Follow 836 west to Turnpike exit. The Florida Turnpike is a toll road and you will pass through three toll gates at \$1 apiece. Take the Turnpike south; it ends in Florida City and turns into U.S. 1. Continue south on U.S. 1 through several islands linked by the highway to Lower Matecumbe (the island where Sea Base is located). You are looking for MM 74 at the south end of Lower Matecumbe. If you cross one more bridge you've gone too far. The landmark on your left (across the street from Sea Base) will be a sign for Caloosa Cove. Turn right onto Toll Gate Shores Blvd. Sea Base is on both sides of this road. A quick left will take you to a 1 story building with an "office" sign.
